

Lighthouse Gold Appoints Mr. Evangelos “Gelly” Gnissios to Advisory Board

Former Guyana Frontier Mining CEO Brings Direct Sardine Hill and Guyana Exploration Experience

Vancouver, British Columbia – June 29, 2026 – Lighthouse Gold Corp. (“Lighthouse” or the “Company”) is pleased to announce the appointment of Evangelos (“Gelly”) Gnissios to the Company’s Advisory Board.

Mr. Gnissios is a seasoned entrepreneur, business strategist and capital markets professional with extensive experience advising growth-stage companies across the natural resources, technology and innovation sectors. He holds an Executive MBA from Warwick Business School (London) and has served as a director, board advisor and senior executive for multiple public and private companies. Of particular relevance to Lighthouse, Mr. Gnissios served as Chair of the Board, and President and CEO of Guyana Frontier Mining Corp., one of the companies that previously explored the Sardine Hill-Mariwa Gold District. Through that involvement, he developed firsthand knowledge of the geological potential, historical exploration programs and strategic significance of the district that today hosts Lighthouse’s recently acquired Sardine Hill Gold Property.

As a member of Lighthouse’s Advisory Board, Mr. Gnissios will provide strategic guidance to management as the Company advances its growing portfolio of gold exploration assets in Guyana, including the Sardine Hill Gold Property and Aurora NW Project.

“We are delighted to welcome Gelly as the first member of Lighthouse’s Advisory Board,” stated Will Raskan, Interim Chief Executive Officer of Lighthouse Gold. “His entrepreneurial background, capital markets expertise and previous involvement with Guyana Frontier Mining’s work in the Sardine Hill-Mariwa district provide Lighthouse with a unique perspective as we advance exploration in one of Guyana’s most prospective emerging gold camps. Gelly’s familiarity with the district and its exploration history will be a valuable asset as we work to unlock the full potential of Sardine Hill.”

Mr. Gnissios commented, “Having followed and participated in exploration activities within the Sardine Hill-Mariwa district, I recognize the significant opportunity represented by Lighthouse’s land position. The district has attracted exploration interest from several respected operators over the years and remains underexplored relative to its potential. I am excited to join the Advisory Board and assist the Company as it advances its Guyana-focused growth strategy.”

The formation of Lighthouse’s Advisory Board is intended to strengthen the Company’s technical, strategic and capital markets capabilities as it advances exploration programs and evaluates additional growth opportunities within Guyana’s rapidly emerging gold sector.

The Company also announced that it has granted 600,000 stock options pursuant to its equity incentive plan. The options are exercisable for a period of three (3) years at a price of \$0.215 per share, subject to CSE policies.
